Fuel Up to Play 60 Equipment Grant Opportunities

Fuel Up to Play 60 is an in-school nutrition and physical activity program launched by the National Dairy Council (NDC) and the National Football League (NFL), in collaboration with USDA, to help encourage today's youth to lead healthier lives. This year USDA has a new initiative to partner with the Fuel Up To Play 60 (FUTP60) program to announce additional equipment grant funding opportunities. School divisions must apply directly to FUTP60 for these grant funds.

<u>Fuel Up to Play 60 Equipment Grants</u>: There are two different types of FUTP60 grants available. Before applying for a grant, school divisions are encouraged to contact their National Dairy Council (NDC) representative for help in determining under which option to apply. See the map for the NDC contact for your division. These FUTP60 grants are targeted to assist schools in implementing alternate breakfast service models through the purchase of

sustainable equipment, such as, smoothie machines, rolling milk barrels, small refrigeration equipment, and kiosks for establishing additional serving lines in non-traditional areas. The FUTP60 grant funds can be used to purchase individual or multiple small equipment items that do not meet the \$5,000 capital equipment threshold.

<u>Fuel up to Play 60 Funds</u>-Schools may apply for up to \$4,000 in grant funds to support school-wide nutrition and physical activity initiatives. Funding opportunities are ongoing. http://www.fueltoplay60.com/funding/general-information

Fuel Up to Play 60-School Nutrition Equipment Grants- Schools may apply for up to \$5,000 in total value for the 2016-2017 School Year. The purpose of these grants is to assist school nutrition directors in the purchase of equipment that will enhance the long term implementation of their school breakfast and lunch programs. Schools may apply individually, or school divisions may apply for multiple schools within their division. Each school involved in the application, whether applying as part of a division or applying as an individual school, may apply for up to \$5,000 in school nutrition equipment. https://www.fueluptoplay60.com/funding/nutrition-equipment-grant
