

RecognizeB5: Virginia's Educator Incentive

RecognizeB5 pays eligible lead and assistant teachers up to \$5,500 across two years if their child care center or Family Day Home is participating in VQB5.

Beginning in Fall 2022, educators will be eligible for up to \$2,500 during the July 2022 - June 2023 program year. Educators **MUST** be registered for VQB5 by Friday, September 16, 2022!

In Fall 2023, educators will be eligible for up to \$3,000 for the July 2023 - June 2024 program year, again requiring registration in VQB5 to be eligible.

Coordinated through Ready Regions, RecognizeB5 is a state-wide strategy for supporting, retaining, and rewarding early educators in non-public school birth to five publicly-funded settings.

Educators may eligible if:

- 1** They work in a child care center or Family Day Home that accepts public-funds (such as the child care subsidy program),
- 2** They continually work at least 30 hours or more per week directly with birth to five children in a classroom setting, and
- 3** The child care center or Family Day Home is participating in VQB5, Virginia's new quality measurement and improvement system.
