

COMMONWEALTH of VIRGINIA
Department of Education

DATE: December 21, 2018
TO: Division Superintendents
FROM: James F. Lane, Ed.D., Superintendent of Public Instruction
SUBJECT: **2018-2019 Title I, Part A, Comparability Report**

To receive Title I, Part A, funds, a school division must verify comparability of services for Title I and non-Title I schools as stipulated in Section 1118(c) of the *Elementary and Secondary Education Act of 1965* (ESEA). Virginia school divisions are required to verify comparability of services by completing the Title I Comparability Report on the [Single Sign-on for Web Systems \(SSWS\) portal](#).

The 2018-2019 Title I Comparability Report will be available beginning **Friday, December 21, 2018**. Detailed instructions are provided with the web-based report. As a reminder, the two clarifications below have been made to the comparability report calculations to ensure compliance with ESEA requirements:

1. Although Section 1113(b)(1)(D)(i-iii) allows divisions to elect not to serve an eligible school that has a higher percentage of low-income families than schools being served if the required conditions are met, the skipped school must be included in the comparability calculations. If your division has skipped schools, the schools will appear in the pre-populated list of Title I schools for purposes of calculating comparability.
2. When preparing the comparability calculations for your division, only state- and locally-funded building level staff members who provide direct instruction may be included in the calculations. Federally-funded staff members may not be included in the comparability calculations.

Once the report has been completed, the division superintendent or designee must sign the verification form. The signed verification page should be submitted to via email to ESSA@doe.virginia.gov no later than **January 25, 2019**. The school division should maintain a copy of the signed verification report on file locally for audit purposes.
