Virginia Department of EDUCATION

VQB5 Quality Profile Website Drafts
Version 10, March 11, 2024

VQB5 Quality Profile Development

As established by the Board of Education, all VQB5 participating sites will receive an annual VQB5 quality profile which will include information about performance on measurements (i.e., quality rating results) and other topics of interest to families, policymakers, and the general public. The first VQB5 Quality Profiles will be posted publicly starting in the fall of 2024. (VQB5 Guidelines Section 6.3)

Using feedback gathered during Practice Year 2, VDOE developed draft 'mock-ups' of VQB5 quality profiles for review by participating educators, families, and other early childhood care and education stakeholders. Feedback gathered during the spring of 2024 will be used to inform the final quality profiles, to be approved by the Board of Education in June 2024. View the below resources for additional information:

- Quality Profile Overview Recording
- VQB5 Quality Profile Preview Webinar Recording

Reviewing Draft Quality Profiles

In this packet, you will find a **DRAFT** of the VQB5 Quality Profile homepage and five examples of quality profiles. There are two versions of the profile examples in the packet:
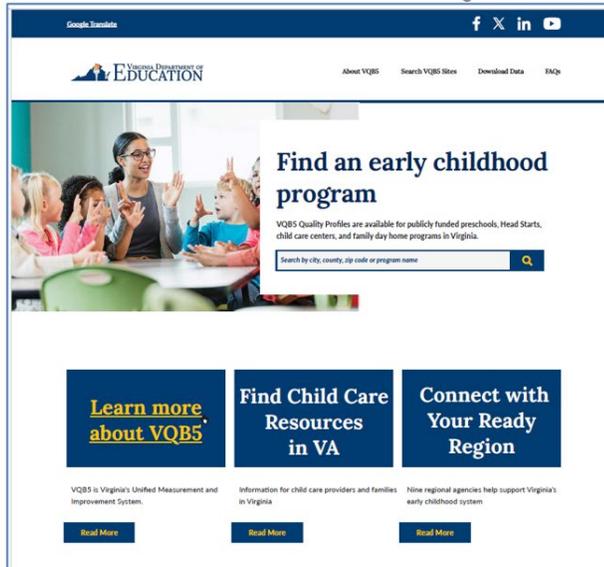

- The first set has annotations with information and questions. In the annotated copies, red text boxes provide guiding information and green text boxes have questions for you to consider.
- The second set does not have any annotations, so that you can view the profile examples more clearly.
- Both sets have exactly the same draft profile examples and text.

During the spring of 2024, VDOE shared the draft profiles with families and the field across the state. Feedback gathered from the spring will be used to finalize the quality profiles over the summer.

If you have any questions or feedback, please reach out to vqb5@doe.virginia.gov.

Quality Profile Overview Information

HOME PAGE

The new VQB5 Quality Profile website will launch in the fall of 2024 and will provide families with access to information about quality options, as required by state law.

PROFILE EXAMPLES

VQB5 Quality Profiles will include site performance and site information.
- All publicly-funded sites, and non-publicly-funded sites who opt-in to VQB5 will have an online VQB5 Quality Profile.
- Sites will also receive a certificate to document their annual quality rating for optional display.
- Sites will have the opportunity to preview their quality ratings during summer data verification, prior to the fall release.

This packet contains 5 different profile site type examples: Child Care Center, Family Day Home, Head Start, Public School and Non-participating site.

All information in the examples is "fake" information, for example purposes only.

For more information about how VQB5 measures and improves quality in early care and education programs visit the Quality Measurement and Improvement (VQB5) website. Questions about VQB5 can be sent to vqb5@doe.virginia.gov.

Each page will include Google Translate functionality that will allow the text to be translated to the user's language of choice.

This draft is for a child care center.

ABC Childcare (ID: 1234) 🎗

Compare +

The information in this section will be populated using LinkB5 data.

Does the information shown here fit families' needs? Is there anything missing? Does the order of data elements feel right?

Site Performance 2023-2

Sites with a rating of Exceeds Expectations or Meet Expectations will receive a ribbon icon, in this version of mock ups.

Does the use of the ribbon icon for these ratings feel right? Is the appearance and placement of the ribbon appealing?
