SUBJECT: Learn24VA Digital Learning Portal

The Virginia Department of Education, with support from the Virginia College Savings Plan, has developed Learn24VA, a digital learning portal designed to support digital learning across the Commonwealth. Learn24VA aggregates a collection of Web-based tools, applications, content, and courses to provide Virginia students, educators, and families with 24/7 access to high-quality learning resources. The site includes links to many digital tools, including the EduWidgets authoring system and the Infinite Learning Lab, as well as eMediaVA, the Commonwealth's digital media repository. Learn24VA also provides a database of Virginia-approved online courses, searchable by subject, grade level, course type, keyword, or provider. The portal is accessible at www.learn24va.org.
