

COMMONWEALTH of VIRGINIA
Department of Education

April 26, 2013

TO: Division Superintendents

FROM: Patricia I. Wright, Superintendent of Public Instruction

SUBJECT: Provisions for Reallocating Unused Student Slots in Regional Alternative Education Programs for 2013-2014

The state budget adopted by the 2013 General Assembly includes provisions for reallocating unused student slots in regional alternative education programs. These provisions are as follows:

- In the event a school division does not use all of the student slots it is allocated under a regional alternative education program, the unused slots may be reallocated or transferred to another school division.
- A school division must request from the Department of Education the availability and possible use of any unused student slots. If any unused slots are available, and if the requesting school division chooses to utilize any of the unused slots, the requesting school division shall only receive the state's share of tuition for the unused slot that was allocated for the originally designated school division.
- However, no requesting school division shall receive more tuition funding from the state for any requested unused slot than what would have been the calculated amount for the requesting school division had the unused slot been allocated to the requesting school division in the original budget. Furthermore, the requesting school division shall pay any remaining tuition due for using a previously unused slot.

A data collection form will be sent under separate cover to the division superintendent acting as the fiscal agent for each regional alternative education program. The data collected will determine the number of unused student slots that will be available for reallocation in fiscal year 2014, and the number of unused student slots being requested by divisions. Once the Department of Education receives the information, a reallocation process will be conducted to distribute unused student slots to requesting divisions. The process that the Department will use for distributing unused slots can be found in [Attachment A](#).

The data collection to determine reallocation of student slots will be due to the Department in June 2013, and it is anticipated that the process to reallocate any unused student slots will be completed by September 2013. Based on the allocation to each regional program, state funds will be sent to the fiscal agent division on a semimonthly basis (i.e., the 16th and last day of the month) through Electronic Data Interchange (EDI) payments. These payments will begin in January 2014 based on the final number of student slots following the approved reallocations. Semimonthly payments for the program will continue through June 30, 2014.

If you have any questions or need additional information, please contact Diane Jay, associate director, Office of Program Administration and Accountability, at Diane.Jay@doe.virginia.gov or (804) 225-2905.
