VCCS Policy 6.6.3: Criteria for Participation in Dual Enrollment

Private, Public, and Homeschool juniors and seniors who meet each of the following criteria may register in college-level credit-bearing courses:

- 1. The student submits and Application for Admission.
- 2. The student is a rising public or private high school junior or senior or homeschool student studying at the high school junior or senior level.
 - a. The high school student has permission of the principle or designee, and the parent.
 - b. The homeschool student has permission of the parent.
- 3. The student demonstrates readiness for each college-level credit-bearing course in which they want to enroll. High school and homeschool students are not eligible to enroll in developmental or direct placement co-requisite English and Math courses. In demonstrating readiness, a student must meet one of the criteria established for each type of course in which they want to be registered (see Table on page 2).
- 4. In addition to meeting the eligibility criteria above, a dual enrollment student must meet all course pre/corequisites as listed in the VCCS Master Course File and established by the college at which the student is enrolled in the course.
- 5. Dual enrollment is restricted to rising high school juniors and seniors and home school students studying at the high school junior or senior levels. Admitting high school or home school students below the junior or senior level is considered exceptional. The college-ready status of each prospective student below the junior or senior high school level shall be assessed on a case-by-case basis. Such students must meet the above eligibility criteria and any other criteria as may be established by the college for participation of students below the junior or senior level in dual enrollment. Colleges shall have criteria and procedures for the case-by-case assessment of such students. Formal approval by the college president, or designee, is required for applicants who are below the junior or senior high school level to participate in dual enrollment.
